

PLAYED WOMAN

Interesting Love Affairs of "Cora McCabe" at Cairo, Illinois.

THERE WERE MANY VICTIMS

"She" Admitted For Sweethearts and Got Them Galore.

GIVEN THREE YEARS AT CAIRO

Cairo, Ill., Oct. 31.—"The Love Affairs of Cora H. McCabe" would make an interesting novel, but they would fail to interest one James I. Kelly, of Birmingham, Ala., Mr. Kelly was on the witness stand in the United States court last evening, but while all the rest of the people present were amused at the proceedings, Kelly's face wore a look of disgust and if one had a guess coming it would be that he felt like 30 cents.

The Kirby May case was on trial. May with E. P. Green and T. M. Dawson were on trial for conspiracy. May has already been sentenced at this term of court to serve three years in the penitentiary for using the mails to defraud, but this conspiracy case was an attempt to prove that these other two parties were connected with it also. The case went to the jury last night, and this morning they brought in a verdict of not guilty.

May's plan was to impersonate one Cora H. McCabe and to write tender epistles to susceptible gentlemen, drawing them into a correspondence which grew more and more tender and finally getting them to send money so they could meet each other at some convenient point.

May operated at a saloon at No. 2635 Park street, Decatur. A bartender there bore name of McCabe and he let May use his name, and they attached the feminine name Cora, and so all addressed to Cora H. McCabe at the saloon number appeared to belong to some relative of McCabe, and excited no suspicion. May got newspapers from everywhere and wherever he found anyone wanting a cook or a housekeeper or a wife, he answered the advertisements. In some of the letters he represented himself to be five feet four inches tall, of 127 pounds weight, very good looking, with a plump figure. "Cora" wrote she was a good housekeeper and cook, and quite willing to milk the cow and feed the horse if necessary.

Each succeeding letter became more endearing and written in a faint feminine hand, they never failed to move the hardest hearts. At the proper time "Cora" would send her picture, and secure one in return, and then they would arrange for a meeting. "Cora" always insisted that her correspondent should put up half the railroad fare. She said she was willing to go half way and would put up the rest herself. She wrote Mr. Kelly that she would wear a green silk waist, a plaid skirt, a large hat with a white bird in the center of it and have a blue ribbon on her waist, and she asked Kelly to wear a blue ribbon on his coat that she also might know him. Kelly was warned by some of his friends that he was being worked, and he fixed up a decoy letter which was supposed to contain the railroad fare, and sent it by registered mail. The postoffice kept watch and when May called for the letter he was arrested.

May has served a term in the penitentiary for this very same game and did not seem averse to returning to the prison. He is a very sharp fellow, but a physical wreck and unable to make an honest living. He seemed to enjoy the humor of the situation yesterday and said he wished he could have all of his victims lined up in court so he could see what kind of fellows they were. It is not known how much money he was able to secure in this way. Kelly, his Birmingham victim, is a dealer in fruits and confections and also paints wagons.

RACES NEXT YEAR.

LIPTON DENIES THE SHAMROCK IS FOR SALE—WILL CHALLENGE FOR THE CUP AGAIN.

Queenstown, Oct. 31.—Sir Thomas Lipton, who arrived here on board the White Star line steamer Celtic, from New York, said to a representative of the Associated Press, that the report that the Shamrock was on sale in New York was quite untrue, and that he intended racing her in America next season. He reiterated his purpose to again challenge for the America's cup and expressed himself as being quite satisfied with the manner in which the Shamrock II. had been sailed. Sir Thomas denied the reports of disagreements with those who were on board the yacht, saying that at no time were his relations with those in charge of her in any way strained.

HOSTAGE ESCAPES.

BEAUTIFUL COLOMBIAN GIRL HELD BY CASTRO ELUDES HER CAPTORS IN MALE ATTIRE.

Port of Spain, Trinidad, Oct. 31.—Miss C. Becerra, the beautiful daughter of Ricardo Becerra, who was Colombian minister to Washington fifteen years ago, has at last succeeded in escaping from this country, where she has been detained as hostage by President Castro, and has rejoined her family here, where her father, who is now blind, has resided since his expulsion from Venezuela.

Her brothers are consuls for Colombia in Trinidad and Caracas, and President Castro has refused to permit her deportation, desiring to hold her as hostage for them.

With the assistance of an officer of a French steamer which plies between La Guayana and Trinidad, she succeeded in eluding those set to watch her, and dressed as a man, escaped to Trinidad. Miss Becerra, who has been trying for two months to leave Venezuela, is a remarkably beautiful young woman. She was educated in the United States.

HIGH PRICE FOR

MCKINLEY AUTOGRAPH.

New York, Oct. 31.—The first autograph of President McKinley offered at public auction in this city since his death has just been sold by a Fifth Avenue firm. It was simply his own name in full, "William McKinley," written across an original cabinet photograph of him. Nevertheless, much interest was manifested by autograph collectors in the disposition of this item. After spirited bidding the autograph was secured by Geo. D. Smith for \$6.25. This indicates that McKinley's autograph, at the present time, commands as high a price as that of any of the presidents.

Mr. Warfield will return to the freight house after being checked out.

A bulletin has been posted on the Louisville division by the Illinois Central to the effect that there will be a new time card and some important changes in the rules and the instructions and also the tonnage rating to go into effect on the third day of the month. The new time card has not yet arrived in the city but is expected today or tomorrow. It is thought that no passenger trains on this division will be effected by the change.

Engineer R. E. McCarty, of the I. C., went to Princeton this morning to attend the bedside of his mother, Mrs. J. A. McCarty, who is ill at that place. Mr. McCarty will probably be absent from the city several days.

Supt. H. U. Wallace, roadmaster, Pat Galvin, trainmaster T. A. Banks, Supervisor W. C. Waggoner and Martin Crahen were in the city yesterday and returned to Louisville this morning. They were on a regular inspection tour and nothing important other than the depot ticket agent change was done.

RIDDLED AND THEN HANGED

Fate of a Negro Last Night at Hodgenville, Ky.—The Mob was Orderly.

Hodgenville, Oct. 31.—Silas Esters, the negro who committed a nameless crime, on Granville Ward, aged 15, was last night taken from the county jail here by a mob, headed by the boy and his father. Esters made desperate resistance, and finally broke away, and was riddled with bullets by the mob, many of whom opened fire as soon as he got loose. The body was then picked up and the mob carried it to the court house door, here it was hung. The work of the mob was quietly done, and there was no disorder of any kind. There was great excitement this morning when the people awoke and learned of the lynching.

Mrs. Porte is an elderly lady, and in falling her head was painfully bruised and cut, but further than this she escaped injury.

Car No. 8, in charge of E. A. Richards, of the Broadway line, was going towards the river when some one rang the bell to get off. The car slowed up and had almost stopped when Mrs. Porte stepped in front of it, and was knocked down, striking her head on the brick street.

She was picked up and taken into Cherry's grocery nearby, and Dr. Robertson attended her. Her injuries are not serious.

BACK HOME.

Fishing and Hunting Party Had Good Luck.

Some of the Things They Shot and Caught at Reelfoot.

The party that Postmaster F. M. Fisher accompanied to Reelfoot lake last week has disbanded and returned home. In it were Postmaster Baker and Marshal A. D. James, of Louisville Oscar Beckmann, cashier of the Louisville postoffice; Postmaster Frank Fisher and Mr. Hal Walters of Paducah, and James Stevens of Hickman.

Meas. Baker and Stevens did nothing except shoot ducks. Dr. Baker killed forty in all, and Mr. Stevens had equally as good luck. As a fisherman Dr. James proved a success. On Friday he caught sixteen pounds of bass. Saturday morning he caught thirty-four pounds; Monday twenty-four pounds and Tuesday fifty-four pounds.

He sold most of the fish caught to dealers at the lake. Dr. Baker wanted to ship his ducks to friends but was unable to do so owing to the warm weather. Other members of the party did equally as well as the two mentioned.

Postmaster Fisher, who sprained his ankle, is improving.

This step was taken by Bishop Hamilton, and will come up before the board of bishops for ratification.

Bishop McCabe who proposes thirty new bishops for foreign fields, says: "The Roman Catholic church has twenty-eight bishops in China. We have one for all Eastern Asia. Again, the church of England has twenty-one bishops in South Africa while we have only one."

Bishop Hurst will propose special efforts for a general revival throughout the country.

BUSY CUPID

A Very Brilliant Wedding Last Night at Golconda Illinois.

A GREAT MANY WERE PRESENT

Bride and Groom Drove Thirty Miles to the Ferry Landing.—Other Marriages.

POPULAR ATTORNEY WEDS SOON

The marriage of Dr. Frank Boyd, of Paducah, to Miss Flora Stoyer, of Golconda, took place last night at Golconda at 8:30 o'clock, at the Presbyterian church, and was witnessed by a large crowd. After the wedding there was a brilliant reception at the Stoyer home, which is one of the handsomest in Golconda.

The bride and groom left overland for Paducah and had a difficult time in reaching the city in time to catch the early morning south bound train. They were driven to the ferry landing opposite the city, and reached there about 2 a. m. The yawl the groom had arranged to have in waiting was not there, and Dr. Boyd was forced to go through burs, brush and bottom land to the two Fowler boats lying at the bank some distance down the river, and hire the watchman to row them across the river. Mr. Walter Walker brought them across, and they reached the city shortly after 8 o'clock and took the train for a trip south.

The attendants at the wedding were Dr. W. L. Hansboro, of the city, best man, and Miss Myrtle Roper, Golconda, bridesmaid; groomsmen, Messrs. Charles Boyd, Gus Thompson and Abe Well, Paducah; Mr. Otto Thompson and Dr. Stom, of Golconda.

The wedding was a very pretty one, and the reception that followed was one of the largest ever held in Golconda. Dr. and Mrs. Boyd received many handsome presents, scores of them being sent up from Paducah alone.

Those from Paducah who attended the wedding returned about noon today.

Mr. Alvin W. Huffman, a sawyer at the Hiram Blow plant, and Miss Renie Stevenson, the former 23 and the latter 17, years of age, were married yesterday afternoon late at the office of County Judge Emery by that official. Both the bride and groom live in the Little addition and are well known in that portion of the city.

Miss Edna Faircloth of Hardin, Ky., and Mr. Thomas Curl of Benton were married at the New Richmond hotel in the city by Rev. Terry of Benton, pastor of the Methodist church, last night at 8 o'clock. They will return home today.

The marriage of Mr. Steve Clark of the city to Miss Louisa Stey of Louisville took place yesterday at the home of the bride. Mr. Fred Clark, who went up to attend the marriage, returned this morning.

Cards are out announcing the marriage of Attorney W. V. Eaton of the city and Miss Cora Carson Follis, daughter of Mr. John G. Follis of Bowling Green, which will take place at the home of the bride in the latter city on November 14th. The couple will arrive here to reside on November 18th. Mr. Eaton is a well known young attorney who has made many friends in Paducah since he came here two years ago.

George A. Carpenter, a farmer of Ballard county, aged 42, and Miss Ada J. Shannon, aged 27, of the city, were licensed to marry today. It will be the first marriage of the groom and the second of the bride.

Jaas I. Moore and Lena J. Smith, of Woodville, Ky., were married at the State hotel by Judge Liggett yesterday afternoon at Metropolis.

Mr. Cornelius Owen, the son of Rev. Cap Owen, of the city, and Miss Pearl Crowder, of near Fulton, were married last night in Fulton by Rev. Walters, formerly of the city. The marriage was attended by several of the young people's friends from Paducah. Mr. Sam Edwards and Miss Gelia Owen, the latter a sister of the groom, went down to attend the ceremony. Mr. Edwards being the best man and Miss Owen the bridesmaid. The newly married couple arrived in the city today at noon and after a visit to the groom's father, will return to Fulton to reside. They have many friends here who will extend congratulations.

PROSPECTIVE CANDIDATES.

Judge Emery is gathering evidence against three other girls of the city preparatory to sending them to the House of Reform. There is now room for more inmates. The girls, if sentenced, will not be sent to the school until next week, after the election.

QUARTERLY CONFERENCE

At Broadway Methodist Church Last Night.

Stewards Elected For the Year—Unanimous Resolutions For Dr. Briggs' Return.

Fourth quarterly conference was held at the Broadway Methodist church last night. This is always an important occasion as it winds up the year and much business is transacted prior to the annual conference meeting. Stewards for the ensuing year were nominated and elected. Sunday school superintendent was also elected and various matters of especial interest came up for settlement. Rev. H. B. Johnston, presiding elder of the district, was in the chair, and Mr. B. H. Scott was secretary of the conference.

Mr. Geo. C. Crumblough presented the following resolution: "The board of stewards of Broadway church having unanimously requested the return of Dr. Briggs to this charge for another year, I move that the quarterly conference supplement this request together with all the members of the church now present," which was heartily and unanimously concurred in.

Dr. Briggs has served the church here for two years and by the law of the Methodist itinerancy can remain for two more years, and his congregation are anxious to retain him to the full limit. He is the most brilliant and scholarly minister who ever filled the Broadway pulpit and is greatly beloved by his people.

He is an acquisition to the city as well, and while his talents are such as to make him in demand in larger fields, it is hoped that he will be returned to Paducah.

Prof. C. B. Hatfield was selected Sunday school superintendent for the coming year.

The following men were nominated for stewards by the pastor and elected by the quarterly conference:

B. H. Scott, Geo. C. Crumblough, T. J. Atkins, J. M. Byrd, J. W. McKnight, L. B. Ogilvie, John L. Webb, C. R. Hall, Chas. Q. C. Leigh, Sam T. Hubbard, H. W. Katterjohn, Dr. E. B. Griffith, W. A. Martin, J. W. Hubbard, Frank L. Brown, Wm. Karnes, H. W. Gleaves, J. A. Robertson, Edward H. Bringham, John W. Little, C. H. Chamberlin, E. C. Bowman, J. B. Allen, S. H. Winstead, F. M. McGlathery, Dr. W. R. Hayes, J. D. Smith, Jr., Geo. H. Dains.

YOUNG WIFE DEAD.

Union City, Oct. 30.—Mrs. W. Jackson, 18 or 19 years of age, who had been married but a few months, died yesterday at her home several miles from here.

A NEW PLAN

The Tennessee Cumberland Presbyterian Synod Proposes a Church Congress.

KENTUCKY WILL ALSO BE IN IT

Will Be For the Purpose of Considering Educational Matters Connected With the Church.

COMMITTEES TO BE APPOINTED

Lebanon, Oct. 31.—In the Tennessee Synod, Cumberland Presbyterian church, today, Rev. E. E. Ingram, on behalf of the executive committee, presented a resolution calling for an educational congress, to be composed of representatives from Kentucky, Tennessee, Alabama, Georgia and Mississippi, and a committee will be appointed to arrange for the congress.

The next business was the question of church extension, and an elaborate report of the synod committee was read by Rev. W. A. Province of Columbia, treasurer. Progress was reported in several departments, which are: Evangelistic, building of mansees, planting of city missions and supporting Presbyterian mission work. The treasurer's report for the current year showed receipts to be \$2,810. Rev. H. A. Steidley is superintendent of mission work in Tennessee, and his support for next year is provided by twelve of the larger churches in the synod, leaving him free to go into the field or the more needed points. With much enthusiasm the synod endorsed the views of committee and superintendent.

The report of the committee on temperance noted the recent legislation against the saloon in towns of 2,000 population and under, and commended Rev. John Royal Harris, moving spirit in the anti-Saloon League, for his good work.

KNOCKING DOWN WHITE MEN.

Raleigh, C., Oct. 31.—Late yesterday afternoon, near the show grounds at Rutherford, N. C., Deputy Sheriff Butler, was probably fatally shot in the head by Bud Logan, a drunken negro, who, with a negro companion, had been abusing white men and had knocked down four of them. The negroes had taken pistols, and the deputy attempted to take them, when Logan fired. The whites opened fire, and both negroes ran under a shower of bullets. They were soon captured and are now in jail. Should Butler die further trouble is feared.

The force of gravity is surpassed only by that of happiness.

DAILY THOUGHT.
Not failure, but low aim is crime.
—Lowell.

Circus trains seem to be in hard luck just now. Forpagh & Sells Bros. have had two wrecks, all the fine animals being burned in one. In the wreck of Buffalo Bill's Wild West special, among the horses killed was "Old Pap," Col. Cody's favorite saddle horse. "Old Eagle," the star ring horse, was killed, and his mangled body fell on top of one of the wrecked engines. The mules that drew the Deadwood coach also were killed. From the mass of wreckage blood poured in a stream that ran alongside the railroad track in a small rivulet. Only two or three horses escaped death. The accident was the result of a head-on collision between a fast south-bound freight train and the second section of the show train, and was due to a misunderstanding of orders. Several train hands were injured, but no one was killed. Col. Cody spent the day at the scene of the wreckage, and is heartbroken over the slaughter. He says his loss is \$60,000. The train was en route to Danville, where the show was to have disbanded and the animals sent to Bridgeport, Conn., to go into winter quarters. Thus the negligence of some railroad employee will cost the company perhaps \$100,000, and inflict irreparable injury on Col. Cody's show.

Gov. Durbin will not give up the K-stucky fugitives. He will decline to honor the requisitions, and save the persecuted men from Goebette injustice in Kentucky. The recent Powers trial would have been sufficient to prompt a refusal had there not been other equally as potent reasons. Caleb Powers was forced into a trial before a partisan judge with a Democratic jury, and the only evidence against him was that he helped bring a delegation to Frankfort to protest against the intended theft of state offices. Yet the political jury decided he was guilty, and fixed his punishment at life imprisonment. The man who killed Goebel should be hung, and if anyone else had anything to do with it, he should be, also. But none of

those accused had anything to do with it, and the Goebettes know it. Gov. Durbin's action in refusing to grant the requisition will be indorsed by all fair-minded people.

There are a great many complaints of the kind of pavements being laid on South Second and Third streets by the city, which has adopted and put into operation the plan of reconstructing sidewalks and then collecting from the property owners, instead of waiting for the property owner to have the work done. The pavements being put down seem to be of inferior brick, and the jobs are a very cheap class of work. At least a dozen property owners of means declare that they will resist payment for the work in the courts, if necessary, for the sidewalks put down are worse than those taken up.

Senator Jones, in returning to the Republican party, says: "The silver issue is dead, and we are face to face with other questions." He remarks with a truth which cannot be seriously questioned, that "the Republican party today is the only party which is in touch with the economic progress of the twentieth century." Feeling this way, his place, of course, is back in the party, to which nearly all the prominent seceders of 1896 have returned, except Teller, and he is on the way back. The element called the Silver Republican party has dissolved.

The city council will be urged to pass the \$3,500 resolution enacted by Mr. Carnegie's proposition. It is probable that such influence will be brought to bear on them that they will speedily realize they cannot afford to ignore the demands of the best people in Paducah. Mayor Lang has been brought around and sees that a library is something that has long been needed, and that Paducah should have it without delay. A plan that is almost certain to yield splendid results in procuring the site is now on foot, and will doubtless be successful.

The Ohio Valley Improvement Association meeting here last week has already begun to bring good results. Captain F. M. Daugherty, the agent, finds that a great deal of interest is manifested in the work all along the river, and experiences no difficulty in enlisting recruits wherever he goes. When the association makes its demands on congress, it will have a backing that will augur its success, for the influence and determination of the prominent men belonging to the association cannot be ignored.

The original policy of repelling the troops in the Philippines will be carried out, it is announced in the dispatches from Washington. After the sporadic outbreaks on the Isle of Samar, in which the United States troops suffered considerable loss, it was believed the force in the Philippines would be increased. Subsequent reports indicate that this will be unnecessary, and the half a dozen regiments selected last week for service will now be allowed to remain at home.

The city council has not made any move towards yielding to the popular demand for having the streets numbered and named so people can tell where they are. There is no way for a stranger in Paducah to find out what street he is on except by asking some one. In other places the names and numbers are in a conspicuous place on every corner. In Paducah all places look alike.

Third street should be paved for a block each way from Broadway. This street is one of the busiest and most important in the city, and will in a few years be the center of Paducah's wholesale trade. One of the best ways to make Paducah the metropolitan city she deserves to be is by constructing modern thoroughfares.

If the people want progress and prosperity in Paducah during the next four years, they must vote the Republican ticket. They have nothing to expect from the Democrats except the same old gang rule.

Miss Stone, the missionary, is still missing, and all efforts to secure her release have thus far been futile. The brigands have been more successful than even Pat Crowe could have hoped.

An American newspaper correspondent has been expelled from Germany for saying that the emperor was ill. The Kaiser probably does not appreciate the enterprise of American journalism.

Ex-Mayor Yeiser, who was opposed to the sewerage and vetoed the ordinance, has connected several of his houses with it. Thus he approves Republican enterprise.

If Mr. Andrew Carnegie could see the city hospital and market house in Paducah he would probably be moved to make the city a proposition tending to get new ones.

It is a wonder the southern papers have not blamed President Roosevelt for the Louisiana race war.

What has become of the street roller?

MINISTER OF WAR IMPLICATED.
New York, Oct. 31.—Cable advices from Colombia, received in this city today, announce the discovery of a conspiracy against the government in which the minister of war, Gen. Pen. Don Nal Ospina, is implicated. Gen. Ospina has been deposed, and is now imprisoned in the Panopticon military jail of Bogota. Senator Jose Vicente Concha has been appointed minister of war in his place.

MALVAR'S PROCLAMATION

APPOINTS HIMSELF THE NEW LEADER OF INSURGENTS.

Manila, October 29.—Malvar has issued a new general proclamation, appointing himself captain general and reorganizing the Filipino army under two lieutenant generals and four generals of division. Every guide caught aiding the Americans will be treated immediately as a traitor. Those who surrender to the Americans will be treated in the same manner. Malvar considers his own appointment to be temporary until the meeting of the general assembly of liberators. He congratulates the soldiers on the good work they are doing in the field, and also those who are working for the cause of freedom and liberty in the cities.

SMALL BLAZE.

FIRE DEPARTMENT CALLED OUT EARLY THIS MORNING.

There was a small fire on Jackson street between Ninth and Tenth, this morning about 4:30 o'clock but little damage was done. A small frame dwelling, 919 Jackson street, owned by Mr. W. J. Parker and occupied by Mr. Tolbert Bridges, was discovered burning in the rear of the roof by a neighbor and the fire departments were immediately summoned. After a brief fight the flames were extinguished with little loss. A portion of the roof was destroyed and the damage is fully covered by insurance.

WILL RETIRE.

DEPUTY MARSHAL MEL JAMES LEAVES THE SERVICE.

Deputy United States Marshal Mel James will retire tomorrow at Louisville from the service, owing to a reduction in the office force of United States Marshal James, ordered by the department. His resignation was tendered two weeks ago. Mr. James has made arrangements to engage in business at Louisville. The division of the state into two judicial districts called for a reduction of the office force. This leaves three deputies in the office. Mr. James is quite well known in Paducah.

GROWS IN POPULARITY.

LARGE CROWDS CONTINUE TO HEAR THE HOWARD-DORSET COMPANY.

The Howard-Dorset company had another large audience at the Kentucky last night in "Lynwood." The play was up to the standard of the company's productions, and gave satisfaction. The specialties made another hit, and Tannant's pictures were greatly enjoyed. Tonight "The Winning Hand" will be the bill, in which Miss Dorset appears as a little girl, and Mr. Howard, as he himself expresses it, as a "cute little boy."

HOBSON COMING

HE ACCEPTS AN INVITATION TO ATTEND THE ANNUAL Y. M. C. A. MEETING.

A Louisville dispatch states that the state executive committee of the Y. M. C. A. has received a letter from Captain Richmond Hobson, of Merriam fame, dated Buffalo, stating that he will accept the committee's invitation to attend the state convention of the Y. M. C. A. here in February next, and will deliver an address during his stay in Paducah.

FUNERAL AT HICKMAN.

Hickman, Ky., Oct. 31.—The remains of Mrs. P. D. Turner, who died at Luray, Ark., were brought here yesterday for interment, which occurs today. She was born and reared in Hickman, and was the daughter of the late W. L. McCutcheon, a wealthy and prominent citizen.

ARRESTED ON BENCH WARRANT

Lindon Murphy, of Mayfield, was arrested last night at Ninth and Broadway by Officers Gouliens and Potter on three bench warrants charging him with gaming and keeping a disorderly house at Mayfield, the indictments being returned at the last term of court. He executed bond and was released to appear at the December term of court.

FOR OLD AGE

To the old, as to babies, the even balance of health is more important than anything else in the world. The possible health, in age, is not high and strong; it is only even.

There is no end, but death, to the trouble that comes of its loss.

It ought to be watched like a baby's.

Their future is short; but oh how it turns on comfort! on whether the wrinkles are wrinkles of pain or of long serene enjoyment!

Scott's emulsion of cod-liver oil—for very old and very young in different ways—is the food to secure this even condition of health.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

MOTHERS, DO YOU KNOW

the many so-called birth medicines, and most remedies for women in the treatment of her delicate organs, contain more or less opium, morphine and strychnine. Do you know that opium and morphine are stuporific narcotics? Do you know that you should not take internally any medicine for the pain accompanying pregnancy? Do you know that Mother's Friend is a purely vegetable preparation, and that it is supplied extra-early only? Do you know that Mother's Friend is a celebrated prescription and that it has been in use over forty years, and that each bottle of the genuine bears the name of The Bradfield Regulator Co.?

Do you know that when you use this perfect remedy during childbirth or throughout the entire period of gestation that you will be free of pain and bear healthy, clever children?

Well, these things are worth knowing. They are facts. Old drugists \$1.00. Accept no substitutes. On hand—Motherhood Free.

SUITS FILED.

TO ENJOIN THE BOARD OF VALUATION AT FRANKFORT.

Frankfort, Ky., Oct. 31.—Twenty of the leading life insurance companies of the United States which operate in Kentucky are plaintiffs in as many actions filed in the Franklin circuit court against the members of the State Board of Valuation and Assessment, in which they seek to restrain that body from fixing or attempting to fix a value on the alleged franchise of each company for the purpose of taxation for the years that the franchise law has been on the statute books. The companies' plaintiffs are: Mutual Benefit, of Newark, N. J.; National, of Vermont; Massachusetts Mutual, New England Mutual, State Mutual, of Massachusetts; Mutual Life, of New York; Equitable Life, of New York; Prudential Company, Actna Company, Fidelity Mutual Life, New York Life, Northwestern Mutual Life, Connecticut Mutual, Mutual Life, of Kentucky; Sun Life Company, Pacific Mutual Company, United States Life, Phoenix Life Company, Metropolitan Life Company and Washington Life Company.

The attorneys representing them, who, before filing the suits, appeared before the state board and protested against its action, are: Hazelrigg and Chennault, Chas. S. Grubbs, John W. Rodman, Dodd & Dodd, Humphrey, Barnett & Humphrey, Pirtle & Traub, F. W. Sackett, Barnett & Barnett, Gordon & Gordon and John J. McHenry.

Each company was required to execute bond to cover all money which the State Board insists is due. The bondsmen are the National Security Company and the Actna Indemnity Company.

NEWS FROM MAYFIELD

WILL PROBATED THERE—MARRIAGE OF POPULAR PEOPLE.

Mayfield, Ky., Oct. 31.—The will of Mrs. Mary M. Beadles, deceased, with Mrs. Emma Gardner and Mrs. J. L. Sherrill as witnesses, was probated in the county yesterday. The deceased leaves all property, both personal and real, including \$10,000 in bank stock, to her two sons, J. N. Beadles, Jr., and W. B. Beadles, except \$1,000 in bank stock to her niece, Mrs. Bertie Alexander, of Arkansas.

At the Methodist parsonage in this city, the pastor, Rev. J. H. Roberts, officiating, the rites of matrimony were solemnized between Mr. Hubbs Waller and Miss Mary Slaughter. The attendants were Mr. Charlie Waller and Miss Rubie Duncan. Beside these, there were only a few witnesses. Mr. Waller is the junior member of the firm of Waller and Wrather, merchants of this city. The bride is the beautiful and charming daughter of Mrs. J. H. Slaughter. Mr. and Mrs. Waller will board at the home of Mrs. F. E. Key, near the woolen mills. These two young people are among the most prominent and popular in the city and number their friends by the hundreds.

The West Kentucky Telephone company, composed of Mayfield and Fulton capitalists, J. E. Wright, this city, manager, filed articles yesterday increasing the capital stock from \$25,000 to \$30,000. This company is one of the most progressive in the state and is upon a paying basis and doing a profitable business over their lines connecting Mayfield, Fulton, Hickman, Clinton, Wickliffe and intermediate points.

TO THE REFORM SCHOOL

Beniah Mayberry, aged 14, was yesterday afternoon ordered to be confined in the reform school by County Judge Emery. Her guardians and others claimed that she was associating with lewd people, and the court deemed it best to have her more closely watched and accordingly ordered her to the reform school.

Justice is probably blind so that she may not be able to see the fools who try to flit with her.

TOLD IN OUR CONTEMPORARIES.

Justice John M. Harlan of the United States supreme court, when a practicing lawyer in Louisville, once tried his hand at newspaper work, taking the place of a personal friend, then editor of the Louisville Commercial, says the New York Times.

Justice got along all right writing editorials, but had ideas as to news that were at variance with those of the city editor.

One of the reporters had written a clever story of a man who had fallen from the fourth story of a building and escaped without serious injury. It made a story of about a column in length. With a proof of the article in his hand the temporary editor came to the city editor and said:

"Mr. Smith please have this story cut down; I can't see anything in it that makes it worth that space."

"But it's the 'star' story of the day, Mr. Harlan," gasped the astonished news man. "I think it's a remarkable story and well worth all the space given to it."

"I don't," said Justice Harlan. "If a man had jumped up four stories it would certainly have been remarkable. But even a fool could fall down four stories, or half a dozen for that matter."

"Old Barnacles"—who is a person of prominence just now—told a story of Sir Thomas Lipton the other day which, veracious or not, has at least the merit of pertinency.

Sir Thomas, according to this legend, was chatting socially with King Edward a day or two before he started for this country on his quest for the America's Cup. The converse in some way shifted to the conferring of royal honors, apropos perhaps of recent decorations of returning heroes from South Africa.

"And who knows," said the king, "but an order may come your way soon, Sir Thomas?"

"It shall be duly attended to, your majesty," replied the politic tea merchant.

John W. Gates tells a story about a friend of his who went into the Alps last summer in an effort to escape from "all the modern improvements" of life.

"My friend began the ascent to the hospice of St. Bernard," said Mr. Gates. "When about an hour's climb from the pass he was stopped by a dense fog. He waited gleefully, expecting to be rescued by the dogs, and so he able to come back to us with a thrilling story. The dogs did not come, however, and the fog partly lifted. So he resumed his climb, and finally arrived at the hospice, where he was welcomed warmly by the brothers. His first question was:

GOV. DURBIN TO PASS UPON THE TAYLOR-FINLEY REQUISITIONS THIS WEEK.

Indianapolis, Ind., Oct. 31.—Unless there are new developments, Gov. Durbin will some time this week refuse to honor the Taylor-Finley Kentucky requisitions. The governor has about completed reading the transcript in the first Caleb Powers trial, which was done at the request of Arthur Goebel, so the decision will follow soon. It is acknowledged that had Powers been acquitted at his second trial the governor would have been disposed to grant the requisitions.

Ike McCuen, alias England, colored, charged with obtaining board and money by false pretenses from Porter Brown, was held to answer in the sum of \$200, and in default of bond went to jail.

PAY TRAIN WRECKED.

Nashville, Oct. 30.—At McMinnville yesterday the pay train of the Nashville, Chattanooga and St. Louis railway ran into the rear of a mixed train, considerably damaging the pay car engine and a box car. The fireman and engineer of the pay train both jumped and sustained only slight bruises. No one was injured.

THE RIVER NEWS.

(By W. F. LAMBIN, REPORTER.)

Observations taken at 7 a. m. River 2.4 on the gauge, no change in last 24 hours. Wind south, a fair breeze. Weather part cloudy and cooler. Temperature 88. Fell, Observer.

The City of Idaho will likely be let off the docks today.

The H. W. Buttrick, the fast mail and express packet, arrived from Evansville this morning and departed on return trip shortly after arrival.

The Renbow Danbar departed for Cairo on schedule time this morning with good business.

The City of Clifton is due tomorrow from St. Louis for Tennessee river.

The Clyde got off last evening for Tennessee river with considerable business.

The Henry Harley is due tomorrow from Tennessee river.

Supt. Tom Murray is doing a good job of work on the Tennessee.

Look out for a radical change in the weather by next Sunday. Old time river men are predicting good and frequent rainfalls for November. Their judgment will certainly prove as good as Hick's was for October. If not they are doomed to a long dry spell.

The City of Carrville departed for Golconda at 9:30 this morning with a fair trip.

The Bob Dudley will not get further than Clarksville this trip, which should bring her here on return trip by next Saturday.

Captain John Karmes of the Woolfolk, carried the Ferguson-Palmer crane to the wreck of the City of Golconda yesterday with the harbor boat Mary N. After working several hours he secured boiler and brought it down and placed it over at the island.

The Fannie Wallace and Kenton arrived yesterday with tons of coal for the Paducah Coal and Mining company here.

Pilots Ed Beard and Roy Broadfoot went to Evansville yesterday to look at the river. They will return tomorrow on the Richardson.

Boiler and Hull Inspectors Stockham and Green are in the city for the purpose of inspecting a couple of boats and will leave on return to Nashville tonight.

George Madison, one of the most widely and well known pilots living, who for the last fifty years has been in "harness" is still in the city and will conduct the City of Idaho to Memphis, when she leaves tomorrow for Memphis.

Morris Shalloross, who has for some time past filled the position of second engineer on the big towboat, J. B. Williams, owned by the combine, has been promoted to chief engineer of that boat at a big salary.

Business rather quiet on the wharf today. The bottom of the river is slowly approaching the top.

Louisville Courier-Journal of yesterday says: Col. Tom Hall's fish story has aroused the river editors. Here is one from the Paducah News-Democrat: "Speaking of fresh water turtles, there was a large one caught on part of the old dam at Smithland by the ferryman at that place. He measured 37 1/2 feet long and 15 feet broad. The ferryman's old hand ferryboat was getting rotten, so he took the top shell of the turtle, put rails around it and placed a floor, and now has the best float of its class on the river anywhere." That's nothing. Captain Ben Cox baited a hook with a rat, then tied the end of his line to a shanty boat, tied the shanty boat to a tree and went to bed. When he awoke next morning he was six miles above where he was tied up and a catfish was pulling boat and tree up the river at the rate of twelve miles an hour. This will do for a fish story.

A DAILY NUISANCE.

A SIMPLE REMEDY WHICH WILL INTEREST CATARRH SUFFERERS.

In its earlier stages catarrh is more of a nuisance than a menace to the general health, but sooner or later,

the disease extends to the throat, bronchial tubes and even to the stomach and intestines.

Catarrh is essentially a disease of the mucous membrane, the local symptoms being a profuse discharge of mucus, stoppage of the nostrils, irritation in throat, causing coughing, sneezing, gagging and frequent clearing of the throat and head.

The usual treatment by local douches, snuffs, salves, etc., often gives temporary relief, but anything like a cure can only be obtained by a treatment which removes the catarrhal taint from the blood and the disappearance of the inflammation from the mucous surfaces.

A new remedy which meets these requirements and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membranes only. They can be hardly called a secret patent medicine as they are composed of such valuable remedies as Sanguinaria, Hydrastis, Eucalyptol and similar cleansing antiseptics which cure by eliminating from the blood and mucous surfaces the catarrhal poison.

Stuart's Catarrh Tablets are large, pleasant tasting lozenges taken internally, allowing them to dissolve slowly in the mouth, in this way they reach the throat, fauces and the entire alimentary canal.

If desired, they may also be dissolved in water and used as a douche, in addition to the internal use, but it is not at all necessary to use a douche; a few of them dissolved in the mouth daily will be sufficient. However, when there is much stoppage of the nose, a douche made from these tablets will give immediate relief, but the regular daily use internally of these tablets will cure the whole catarrhal trouble without resorting to the inconvenience of a douche.

Dr. Bement states "that the internal treatment for catarrh is rapidly taking the place of the old plan of douching, and local application and further says that probably the best and certainly the safest remedy at present on the market is Stuart's Catarrh Tablets, as no secret is made of their composition and all the really efficient remedies for catarrh are contained in this tablet."

Druggists sell Stuart's Catarrh Tablets at fifty cents for full sized package. Ask your druggist and if he is honest he will tell you there is no safer, more palatable, more efficient and convenient remedy on the market.

"SOCIETY SUPERS"

IN PARIS PLAYS.

From the New York Commercial Advertiser: Parisians have a new way of being thrilled. They go on the stage as supers and face the gallery gods' howls and cheers. Every Parisian of every walk in life loves the theater, and to tread the red boards for the first time is an excitement that appeals to him whether he is a clerk or a duke. The newest social fad is to go in a party and play supers. They are not called upon to say anything, but they spend an hour upon a stage, in a bona fide money-making play among professional actors, and before a genuine audience, for the theater is far up along the boulevards near the Place de la Republique, and the piece is a strenuous melodrama. The amateur supers act as "fashionable throng" in a restaurant of the Bois de Boulogne, very well put upon the stage. All they have to do is to eat supper and drink champagne, while the chief characters harrow the audience. But the thrill of stage fright is not wanting in the experience which otherwise would be flat and insipid. There is always a chance of the audience, which is of the demonstrative temperament, expressing by unequivocal word and gesture the opinion that the amateur supers are not looking their parts well.

OCTOBER DEATHS

THERE HAS BEEN A PERCEPTIBLE DECREASE IN THEM.

The number of deaths in Paducah during the month of October are fewer than during the previous month, September. During the month of August the number of deaths here reached somewhere near seventy, but during the present month the deaths numbered only thirty-nine, with three re-interments. There were no deaths at the county hospital, and but two at the city hospital, with no autopsies and only three inquests, all the other deaths resulting from natural causes.

Health Officer Graves continues to slowly improve, but will not be out again before the expiration of two or three weeks. The first three days of the past month there were no deaths registered, the first having been reported on the fourth day. The decrease is perceptible already, and Acting Health Officer Pendley says that with cooler weather the death rate will decrease to half the present size.

You never saw such a mixup. And Colonel Roosevelt not only looked after us, but he helped look after the rest of the cavalry too. You may think we're

CATTLE KILLED

This Month There Have Been Many Slaughtered For Paducah.

The Farmers Are Not Bringing Much Fresh Meat to the Market This Season.

Milk and Meat Inspector Hesseig will make his regular report to the city council Monday night. This month there have been slaughtered for the local market about 300 beefs, 230 sheep and 900 hogs. Pork increases as cool weather approaches.

Inspector Hesseig reports that the farmers are bringing in very little dressed meat this season, owing probably to the inspection restrictions. There have been very few beefs and hogs offered on the local market, and the farmers seem to be disposing of their stock on foot.

Inspector Hesseig does not understand why they should dress their meat and bring it here for sale, as it is no more profitable than to sell it on foot. He figured that they really lose money by slaughtering it, and bringing it in dressed, counting in their time and labor, and the trouble in hauling it to town.

LIGHT TRIP.

THE HENRY HARLEY MET WITH AN ACCIDENT AT WOLF ISLAND.

The Henry Harley arrived out of Tennessee river this morning with a light trip. On her way out, at Wolf Island, she had the misfortune to break her piston head and "spider" on the larboard side and will accordingly have to go on the marine ways here for repairs.

The Tennessee, now on the ways, will go out in her place Saturday evening.

All Halloween comes tonight, and there will doubtless be the usual number of informal parties in various parts of the city. There will probably be a few formal observances of the anniversary.

THE U. D. C. EUCHER.

The euchar party to be given by the United Daughters of the Confederacy promises to be an occasion of no little interest in Paducah. The date and place have been decided upon, and the other preparations are rapidly being completed. It will be given in the Campbell building, opposite the Palmer House, on Thursday evening of next week. There will be forty prizes given away, these have been donated by the merchants of the city, and are now on exhibition at McPherson's and Weller's. The committee having the affair in charge are sparing no pains to make it a brilliant success, and the attendance will be in every way worthy of so notable an occasion. These euchar have become quite a fad in all the large cities and Paducah is not to be behind in this respect.

CIRCUIT COURT

Demurrers to E. M. Headley's Suit Sustained Today.

Jury Awards Whitworth a Thousand Dollars Damages For Injury.

In the case of E. M. Headley against Officer Emil Gourieux and bondsmen, in which the plaintiff sues for damages for an alleged false arrest, the demurrer of the defendant, entered to subject the surety of the plaintiff to no liabilities in the suit, was sustained by the court and the bondsmen of the plaintiff are not liable to any judgment that might be filed in the case.

The same demurrer was sustained in the case of E. M. Headley against Officer Henry Singery, for false arrest, and in the case of Albert Winfrey against Officer William H. Rogers, damages for a shot alleged to have been fired into the plaintiff by the defendant.

The case of Ed Dossett against the Paducah Veneer and Lumber Co., damages suit, was on trial at press time.

The Quaker City Watch Co., of Philadelphia, filed a suit through its attorney, William F. Bradshaw, Jr., against Mr. John J. Bleich to recover an alleged account of \$340.50.

In the case of R. G. Caldwell, assignee, against Mary Ann Clark and others a dismissal was made and the case settled.

GORMAN FOR PRESIDENT.

Washington, Oct. 31.—The latest presidential boom for a Democratic candidate comes from Maryland and bears the name of Hon. Arthur P. Gorman. The friends of Mr. Gorman have been very actively circulating this agitation in Washington for some days. Senator Bailey of Texas, believes that Mr. Gorman would be the most available candidate and the Hon. Leonidas Livingston of Georgia says that all the southern Democrats would be for him. However, it is observed by some of the more conservative Democrats that it would be better to wait and see which way the legislature in Maryland is going before the Gorman boom is launched in the "uncertain breezes of politics."

PRESIDENT'S MESSAGE.

Washington, Oct. 31.—President Roosevelt has about completed the first draft of his message to congress. The message is said to be remarkably short, the president believing it to be a better plan to be brief, terse and to the point. He will touch on the subjects of reciprocity, trusts and ship subsidy, it is said, only in a general way. But in regard to the Isthmian canal he will be more vigorous. One of the principal features of the message will be an urgent recommendation for a large navy. It is said that the president will recommend no further war revenue taxes. The message will be submitted to the cabinet some time this week.

COW STEALING

John Bolin, of the County, Arrested This Morning.

He Claims That He Knows Nothing of the Cow He is Accused Stealing.

John Bolin, who lives near Oaks, this county, and has but one leg, drove to town this morning with his wife, but did not return home with her.

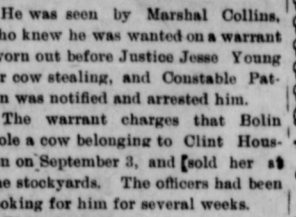

He was seen by Marshal Collins, who knew he was wanted on a warrant sworn out before Justice Jesse Young for cow stealing, and Constable Patton was notified and arrested him.

The warrant charges that Bolin stole a cow belonging to Clint Houston on September 3, and sold her at the stockyards. The officers had been looking for him for several weeks.

The prisoner took his arrest very coolly, and said he knew nothing of the charge, had no witnesses, and was willing to abide by the court's decision. He has been a resident of this section for four years, and claims to have made a living largely by trading and selling stock, and that he remembers nothing of the particular cow he is alleged to have stolen.

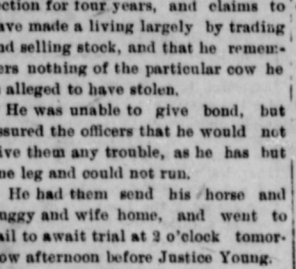

He was unable to give bond, but assured the officers that he would not give them any trouble, as he has but one leg and could not run.

He had them send his horse and buggy and wife home, and went to jail to await trial at 3 o'clock tomorrow afternoon before Justice Young.
